Public Health and Human Services Report Period Dec_09

Project ID: 690100000000013 Project Name: Aging Services Program Project Category: Health and Human Services

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: These funds increase the federal Medicaid funds appropriation due to the temporary increase in the federal Medicaid match rate. The enhanced federal Medicaid match rate is intended to prevent limitations or reductions in eligibility for services and to avert cuts to Medicaid services and provider rates.

Public Health and Human Services Report Period Dec_09

Project ID: 690100000000013 Project Name: Aging Services Program Project Category: Health and Human Services Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: These funds increase the federal Medicaid funds appropriation due to the temporary increase in the federal Medicaid match rate. The enhanced federal Medicaid match rate is intended to prevent limitations or reductions in eligibility for services and to avert cuts to Medicaid services and provider rates.

Public Health and Human Services Re

Report Period Dec_09

Project ID: 690100000000013 Project Name: Aging Services Program

Project Category: Health and Human Services

Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: Children who are available for adoption through the Child and Family Services Division of the Montana Department of Public Health and Human Services have been removed from their own families because of abuse and neglect, or abandonment, and cannot safely remain at home. The rights of their parents have been terminated making the children available for adoption. Subsidies may be negotiated to help maintain the permanency of the adoption. ARRA funding will result in a higher federal contribution for these services.

		Proiect Name:	Weatherization		Project Category	Fnergy and We			 ss: 855WW				

Project ID: 69010000000008 Project Name: Weatherization Project Category: Energy and Weatherization Sub Class: 855WW

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project Abstract: UI Federal Additional Compensation benefit payments will increase weekly benefits to all claimants (including Emergency Unemployment Compensation) by \$25 per week for all claims filed before January 1st 2010. This increased benefit will expire on June 30, 2010. The department will recieve some administrative funds based upon a workload formula.

Project Abstract: This request for applications (RFA) is intended to develop a list of potential candidates (private schools and public school districts) interested in replacing their existing diesel-powered school buses with new ones under the MT-SBR Project. MT-DEQ will review and rank the applications in order to select those most appropriate for funding under the DERA guidelines. A new school bus with fuel-operated heaters and safety equipment meeting EPA's2007 or 2010 emissions control standards is estimated to cost from \$50,000 to \$100,000 without

Project ID: 35010	0000010	Project Name:	ARRA IDEA Part B		Project Category	: Education		Sub Class: 16	60W3				

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) appropriated new funding for programs under Part B of the Individuals with Disabilities Education Act (IDEA), which provides funds to local educational agencies (LEAs) to help them ensure that children with disabilities, including children aged three through five, have access to a free appropriate public education to meet each child's unique needs and prepare him or her for further education, employment, and independent living. Montana's allocation is \$36.7 M.

Project Abstract: The Legislature appropriated \$1.2M per year of the biennium under HB 645 to support the level of state expenditures required under the Individuals With Disabilities Act (IDEA). The state must maintain a constant level of special education funding for K-12 education in order to maintain state eligibility for federal IDEA grant funds.

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) appropriated new funding for programs under Part B of the Individuals with Disabilities Education Act (IDEA), which provides funds to local educational agencies (LEAs) to help them ensure that children with disabilities, including children aged three through five, have access to a free appropriate public education to meet each child's unique needs and prepare him or her for further education, employment, and independent living. Montana's allocation is \$36.7 M.

Project Abstract: These funds will be used by local communities to support employment, food, housing and healthcare efforts. CSBG funds are utilized by the state's ten (10) Human Resource Development Councils (HRDCs) to provide projects and services in local communities including: child care, education and job training, provision of food, weatherization and energy assistance, and resource and referral services. The program assists approximately 35,000 households annually. ARRA funding will allow the HRDC network to expand existing activities and provide services for up to 15,000 additional households.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Dept of Natural Resource and Conserv Report Period Dec_09

Project ID: 5706000044Project Name: North Baker WW SystemProject Category: Water and EnvironmentSub Class: 540W6

Project Abstract: Fallon County formed the Fallon County North Baker Water and Sewer District in May 2004. The district comprises six residential and 22 commercial users. North Baker has no sanitary sewer system. Residents rely on septic tanks with drainfields or holding tanks. Failures of septic tank drainfields with sewage surfacing on the ground have been reported. The District proposed to install a conventional gravity wastewater collection system with connection to Baker. The city's existing treatment facility is capable of containing all of North Baker expansion.

Dept of Natural Resource and Conserv Report Period Dec_09

Project ID: 5706WW0084 Project Name: Lewistown Project Category: Water and Environment Sub Class: 540WC

Project Abstract: This is a Federal Fiscal Year 2009 Clean Water State Revolving Fund (CWSRF) stimulus grant under the American Recovery and Reinvestment Act of 2009. It provides a source of financing for the construction of wastewater treatment facilities and associated infrastructure, green infrastructure, estuary projects and program administration.

Report Period Dec_09

Project ID: 350100000010 Project Name: A

Project Name: ARRA IDEA Part B

Project Category: Education

Sub Class: 160W3

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) appropriated new funding for programs under Part B of the Individuals with Disabilities Education Act (IDEA), which provides funds to local educational agencies (LEAs) to help them ensure that children with disabilities, including children aged three through five, have access to a free appropriate public education to meet each child's unique needs and prepare him or her for further education, employment, and independent living. Montana's allocation is \$36.7 M.

Project ID: 350100000010 Project Name: ARRA IDEA Part B

Project Category: Education

Sub Class: 160W3

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) appropriated new funding for programs under Part B of the Individuals with Disabilities Education Act (IDEA), which provides funds to local educational agencies (LEAs) to help them ensure that children with disabilities, including children aged three through five, have access to a free appropriate public education to meet each child's unique needs and prepare him or her for further education, employment, and independent living. Montana's allocation is \$36.7 M.

Project Abstract: The Legislature appropriated \$1.2M per year of the biennium under HB 645 to support the level of state expenditures required under the Individuals With Disabilities Act (IDEA). The state must maintain a constant level of special education funding for K-12 education in order to maintain state eligibility for federal IDEA grant funds.

Project Abstract: This project, based on a previous analysis of the senescence transcriptome, aims to characterize a putative senescence regulatory pathway, with special attention to a glycine-rich RNA-binding protein (GRG) with high sequence momology to Arabidopsis glycine-rich RNA binding proteins 7 and 8.

Project Abstract: This project funds structural studies of archaeal viral proteins. The structures of these proteins are expected to provide functional insight into the roles these proteins play in the viral life cycle, and thus significant insight into these model viruses from the third domain of life.

Project Abstract: The Assembling the Viral Tree of Life research project will focus on understanding the evolutionary relationships between viruses and cellular life; helping to bridge the gap in our knowledge of archaeal viruses and their evolutionary relationships to the viruses and the evolution of life on this planet.

Report Period Dec_09

Project ID: 35010000003 Project Name: ARRA Ed of Homeless Children

Project Category: Education

Sub Class: 160W6

Project Abstract: ARRA provides \$70 million nationally under the McKinney-Vento Education for Homeless Children and Youth program (Title VII-B of the McKinney-Vento Homeless Assistance Act, 42 U.S.C. 11431 et seq.) These are one-time funds that supplement the McKinney-Vento funds made available under the regular FY 2009 appropriation to assist states and local educational agencies (LEAs) in addressing the educational and related needs of homeless children and youth during a time of economic crisis in the United States. Montana's allocation is \$175,966.

Project Abstract: UI Federal Additional Compensation benefit payments will increase weekly benefits to all claimants (including Emergency Unemployment Compensation) by \$25 per week for all claims filed before January 1st 2010. This increased benefit will expire on June 30, 2010. The department will recieve some administrative funds based upon a workload formula.

Project Abstract: This is a Federal Fiscal Year 2009 Drinking Water State Revolving Fund (DWSRF) stimulus grant under the American Recovery and Reinvestment Act of 2009. It provides a source of financing for the construction of water treatment facilities and associated infrastructure, green infrastructure, program administration and technical assistance activities.

Project Abstract: The Legislature appropriated \$1.2M per year of the biennium under HB 645 to support the level of state expenditures required under the Individuals With Disabilities Act (IDEA). The state must maintain a constant level of special education funding for K-12 education in order to maintain state eligibility for federal IDEA grant funds.

Project Name: Havre

Project ID: 5706DW0131

Project Category: Water and Environment Sub Class: 540WD

Project Abstract: This is a Federal Fiscal Year 2009 Drinking Water State Revolving Fund (DWSRF) stimulus grant under the American Recovery and Reinvestment Act of 2009. It provides a source of financing for the construction of water treatment facilities and associated infrastructure, green infrastructure, program administration and technical assistance activities.

Project Abstract: ARRA funding is to be used for grants that fund entirely the preservation of jobs in the arts. Eligible organizations are 501c)3) arts organizations or state, local or tribal government units that have the arts as a core part of its mission. Organizations must have received MAC or C&A funding between July 1, 2005 and May 1, 2009 or been approved for C&A funding in the 2010-11 cycle. May request \$5-\$25K. No match is required.

Public Health and Human Services

Report Period Dec_09

Project ID: 690100000000013 Project Name:

Project Name: Aging Services Program

Project Category: Health and Human Services

Sub Class: 895W1

43

\$5,794.00

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: The Child and Family Services Division is mandated by both state and federal laws to provide protective services to children who are abused, neglected, or abandoned. This includes receiving and investigating reports of child abuse and neglect and helping families stay together or reunite, and finding placements in foster or kinship homes. ARRA funding will result in a higher federal contribution for these services.

Project Abstract: This program provides funds for the receiving, storing, distribution and delivery of the additional 339,930 pounds of commodity foods that will be purchased to replenish the empty food pantry shelves in Montana. The Montana Food Bank will receive 40% of the administration funds made available, which is \$28,887.60 in 2009 funds.
